To earn a reward through PoW mining EXA coins, download the EXA wallet for your operating system.

7. Staking

To grow the EXA community, we encourage community members to keep Exacoins.

It is a way to confirm transactions for the system, the more EXA you keep, the more bonus you earn from Staking.

This means that if you just hold your coins in your wallet over time, and not used for Staking, you can miss substantial benefits.

So, if you have EXA that you are not involved in lending or trading, then you should involve them in Staking.

With EXA, you are always guaranteed to earn the profit in one way or another. We offer a specific construction of Staking on our website, so if you are really interested in Staking, please visit our website for more details.
